

New Year Message for 2002

SWAMI BODHANANDA

the pendulum of time swings between the old
and the new creating waves of thoughts.
Riding on those thoughts I pursue my dreams into
the uncharted future - the new year is one more
step into that destination and
I whisper to myself "keep moving".

SWAMI BODHANANDA
From Palakkad, Kerala, on 20th December 2001

Swami Bodhananda is Chairman, Sambodh Foundation, India; The Sambodh Society Inc. USA; and Bodhananda Research Foundation for Management & Leadership Studies. He is the Inspiration and Guiding Force for all Sambodh institutions.

I wait in the darkness of the cold winter
for the sun of the dawn to break,
to see the golden hue of the new year
to shake loose from the dead weight of the past
to gallop into the distant horizon - I wait!
The old recedes and the new arrives inconspicuously -
