#### Bestseller Books:

INDIAN MANAGEMENT & LEADERSHIP

MAHABHARATA & MANAGEMENT

GITA AND MANAGEMENT

MEDITATION: AWAKENING OF INNER POWERS

**Swami Bodhananda** is an accomplished teacher of Vedanta and meditation. Presently, Swami Bodhananda is the Spiritual Founder and Director of 11 organizations and ashrams under the umbrella of the Sambodh Foundation, New Delhi, India (1991); the Bodhananda Research Foundation for Management and Leadership Studies, Trivandrum, Kerala, India (1994); and, The Sambodh Society, Inc. (1997), United States of America. As a keen observer of humanity, Swamiji is quick to absorb cultural nuances and the idiomatic expressions of a region, and his presentations are replete with these observations, language usages and insights. As an avid reader, Swamiji keeps abreast of all that is current and is eager to engage the modern global person. As a master of meditation, Swamiji adeptly blends his personal experience and knowledge of India's ancient wisdom tradition with modern studies in consciousness and psychology. Some of Swamiji's most unique work integrates traditional, scripture-based Vedantic values with modern economics and corporate management. He has been characterized as a 'cutting edge' Swami, deeply imbued with the perennial philosophy of Vedanta and a living expression of its ideals.

The terms that Swamiji introduced in the management world include 'personality-re-engineering', 'self-development for global competitiveness' and so on. In India, for management lectures, he is a regular guest faculty to institutions like Ahmedabad Management Association, Dept of Management Studies, IIT-Delhi, etc. He has conducted several public programs which includes lecture series, talks, seminars, discussion meetings, dialogues etc. Some of the venues for these programs are Indian Oil Corporation New Delhi, Steel Authority of India (SAIL) Ranchi, Indian Institute of Financial Management New Delhi, ER & DC Thiruvananthapuram, India Management in Government Thiruvananthapuram, National Institute of Personnel Management Thiruvananthapuram, Hindustan Latex Thiruvananthapuram, Indian Institute of Management (IIM) Ahmedabad, Indian Institute of Management (IIM) Kozhikode, National Management Associations in Ahmedabad (AMA), Bangalore (BMA) and New Delhi (AIMA), ESCORT Bangalore, ITI Bangalore, BEL Bangalore, State Bank of India Mumbai and few scores of other public and private sector offices and companies in various cities of India and North America.

*Sambodh Foundation is a registered non-profit charity organisation and is tax-exempted. Donations will be a great support towards its humanitarian and educational programmes for the poor. See [www.sambodh.org](http://www.sambodh.org)*
